

Guest Rooms and Dining

The "Garden" building reflects the four seasons, and the "Moon" building faces the Otani River giving a mountain view. Both have rooms with a relaxed atmosphere. Our evening meals – which generously incorporate the seasonal tastes of Tajima – and our breakfast buffet have an outstanding reputation.

Facilities

The main building has a full range of facilities, including a relaxation salon and a souvenir gallery which it is fun to browse.

The seasonal tastes of Tajima

Room with an open air bath

Private Spa in the Forest
Open air bath (natural spa) and hot stone spa

Baths

With an expansive large bath, an open air bath with a unique character in each of the four seasons, and private spas with a forest view, you can get your fill of spa bathing in various styles.

Souvenir Gallery "Tsuki Usagi"

Outdoor swimming pool
(open only in the summer)
